In Memoriam

1914 - 1961

. . . Of Mr. Robert W. Therrien, a fine teacher and good friend.

In his two years at Corcoran High, Mr. Therrien had been a constant inspiration to his students of Orientation, World History, State Requirement and Driver's Training. As head basketball coach, he was a true advocate of fair play and sportsmanship whether winning or losing.

The Student Body of Corcoran Union High School will always carry with them the fondest remembrances of Mr. Therrien as a teacher, friend and as a warm human being.

The Harvester staff, on behalf of the student body and faculty, takes this means of expressing our heart-felt sorrow over his untimely passing as a result of a tragic car accident, November 30, 1961.

Mr. Fisher gives the Panthers some blocking practice.

Dedication

To Bob & Niki Fisher

Because of your leadership in education and extra-curricular activities . . .

Because of your patience and work as coach of our football and basketball teams . . .

Because of your hard and dedicated work with the Sergeanettes, and securing the first new uniforms for that organization in nine years . . .

But, mostly because students can rely upon your understanding and guidance . . .

We proudly dedicate this 1962 Harvester to Mr. and Mrs. Robert Fisher.

Mrs. Fisher has last-minute instructions for a Sergeanette half-time performance.

Stan Bessey gets some of the fine points of centering from Coach Fisher.

SUPERINTENDENT'S MESSAGE

Another year of school has passed and for some of you it is your final year of high school. As you review this past year you remember many events, some with pleasure, others with sadness and still others with remorse. However, the important thing is that you have learned something from each of these experiences, and you are able to live a more fruitful and wholesome life in the future.

Those of you whom are graduates look back at your high school days and see a different perspective than do the undergraduates. You see much more clearly the whys and wherefors of education. You now understand more clearly why you should put forth strong effort in class work and in conforming to rules of society.

The vast majority of your life is in front of you and you will determine to a large extent, the success or failure of this life. Learn from the past to ensure the future.

"Life itself can't give you joy
Unless you really will it;
Life itself just gives you time and space —
It's up to you to fill it."

You are graduating at a time in history when the decisions made by you and your generation could very well shape the world community into a sphere of lasting peace and prosperity. Strive to be an understanding citizen in your community.

May all of your hopes and dreams come true, and the best of everything to each of you.

LOWELL YEAGER

DIRECTOR OF GUIDANCE

As we come to the end of another school year, you, the class of 1962, will find yourselves with mixed feelings—a touch of sadness at leaving familiar surroundings and friends, a bit of happiness at finally completing a mile-stone in your lives, and a lot of expectancy for what is to come in the future.

This is an important time in the life of each one of you. Make your decisions wisely, take advantage of the many opportunities afforded to you, and you will go on to bigger and better things. The best of luck and happiness to you all.

FACULTY

FACULTY HI-LITES

Corcoran High saw a steady influx of students this year, with the total attendance soaring to a record high of 738, which necessitated a rescheduling of classes and faculty assignments.

The year opened with the annual Teacher's Institute to orient both the new teachers and the old to curriculum and policy changes, as well as to welcome them back for the school year. Several churches and civic groups in the community sponsored receptions to acquaint teachers with the members of the represented congregations and organization.

As the year progressed, it was highlighted by several events such as the faculty Christmas party, and of course, the Thursday "get-togethers" for snacks and chats.

During the year, many of the faculty were active in P.T.A. and community and professional organizations. In the summer preceding the start of school several had earned Masters Degrees and some had worked on summer scholarships for professional advancement.

CLASSES

CLASS OF 1962

The Senior Class of 1962 will long be remembered for their hard work in improving the campus and for their outstanding leadership in the student government of C.U.H.S.

As a reward for their hard work in scholastic and extra curricular activities, the class of 1962 enjoyed many of the special activities accorded to Seniors. These included Ditch Day, the Breakfast, and Baccalaureate.

It seems Graduation came all too soon. Many cherished dreams and fulfilled hopes were completed by this final ceremony. The diplomas for which they have worked for are now theirs. They have closed the door of adolescence and opened the door of maturity. To Corcoran High, their Alma Mater, they must say good luck and farewell.

CLASS OF 1963

One of the most enthusiastic classes of C.U.H.S. this year was the Class of 1963. The Juniors worked hard to uphold their high scholastic standing, realizing that after another year they will be entering college or business.

In addition to this, the Juniors worked hard to make more and more money for their class always with one thought in the back of their minds—the most fabulous Junior-Senior Prom in the history of Corcoran High.

CLASS OF 1964

The class of 1964 has been one of the most active sophomore classes on record. They staged quite a number of activities to stir up more interest in their class and further school spirit.

On December 21, 1961, the Sophomores presented the annual Christmas Ball. The theme, "Christmas in Hawaii, " was carried out very well in the decorations. To help finance this, the first formal dance of the year, the Sophomores sold theater tickets and sponsored a car wash.

CLASS OF 1965

Somewhat dazzled and dismayed, the Freshman Class of 1965 were gradually swept into the swirl of high school life. The challenge of uniting this class into one body with a single goal, was given to the quickly elected officers. These officers led in planning the one "big" event of the Freshman year—the annual Valentine's Party in February.

Finally, by a united effort, the Freshmen completed their first big step forward in making a success of their high school careers.

The 1962

The Harvester Staff, after laboring long and hard on this book, can only say as usual, "We hope everyone likes it!"

A number of added attractions have been made for the Harvester this year to make it even bigger and better. First, it is a much larger book than CUHS has ever produced. Second, it has an embossed cover with padding. We have expanded from single division pages to double. And to add the finishing touch, there is more color throughout the book.

This is it, your 1962 year at CUHS all rolled into one terrific book of memories. Read it, enjoy it, and keep it always for the future.

Panther Tales

The school newspaper was published this year through the efforts of the Journalism Department. Co-operation was the key to the lock that opened the door to better papers, thanks to the hard-working staff members.

The purpose of the newspaper is to bring the current school activities and functions to the Student Body, and to give basic training to these people interested in the journalistic field.

Corcoran — like so many other Valley communities — can look to Security for the wide range of services that only one of the world's great banks can offer. You'll like banking the Security way: the ready understanding of local problems . . . the fast action available through the bank's local Valley headquarters . . . the strength that stems from $3 billions in resources.
